DEMAND HOME RULE

IRISH LEADERS INTEND TO USE
BRITISH CABINET CRISIS
AS A LEVER.

ENGLISH PARTIES BROKEN

SOLID IRISH PARTY WILL MEET
THE ONE THAT COMES
OUT ON TOP.

London, Sept. 22.—The question of the support of the Nationalist party for the new fiscal policy of retaliation is said to be the subject of negotiations between the government and the Irish leaders. It is reported that Chief Irish Secretary Wyndham is offering a concession in the shape of a Roman Catholic college at Dublin, while the Nationalists, on the other hand, are demanding a measure of local self-government as the price of their support. It appears clear that the Nationalists intend to use the cabinet crisis as a lever.

William O'Brien, M. P., speaking at Cork last night, declared unequivocally that both of the English parties would meet whichever came out on top. The future aim of the Irish party, he said, was "Ireland a nation," and they intend to adopt a position of independence and hold their hands until it was discovered from whom the best terms could be obtained. The means which secured the abolition of landlordism, he declared, could easily on the same lines achieve home rule.

King Edward is reported to have approved the appointment of Austen Chamberlain, the postmaster general, to be chancellor of the exchequer in succession to Charles T. Ritchie; Mr. Arnold-Foster, secretary to the admiralty, to be secretary for war in succession to Mr. Brodrick; Mr. Brodrick, the secretary for war, to be secretary for India in succession to Lord George Hamilton, and Lord Selborne, the first lord of the admiralty, to be secretary for the colonies in succession to Joseph Chamberlain.

No official confirmation of the appointments has yet been forthcoming. It is known that Lord Milner, the British high commissioner of Africa, was offered the colonial secretaryship. Premier Balfour's private secretary informed the Associated Press later that the reported cabinet appointments had not yet been made.

Apparently Lord Milner is still considering the offer of the colonial secretaryship and thereto is probably due the delay.

Well informed persons express the opinion that Lord Selborne will remain at the admiralty to carry out the reforms he has begun.

ROADS COVERED WITH WATER.

Traffic Between Baraboo and Portage, Wis., Abandoned.

Portage, Wis., Sept. 22.—Traffic between Baraboo and Portage was abandoned Monday, the roads are covered with from two to six feet of water, and the damage to crops and property by the breaking of the city levee Sunday is estimated at \$30,000.

At 7 o'clock Monday evening the river registered 11.2 feet, a fall of half a foot since 5 o'clock that morning. United States Engineer L. K. Mann of Oshkosh took charge of the work on the government levee last evening with thirty men.

Much apprehension is still felt over the safety of the government dike, as the water continues to seep through the bottom in numerous places.

At Prairie Du Chien, Wis., the Mississippi river rose only sixteen inches since Sunday night, although the Wisconsin came up twenty. Large tracts of corn north of the city are under water and the damage will be heavy.

DANGER OF FLOODS IS PAST.

Mississippi River Receding at La Crosse, Wis.

La Crosse, Wis., Sept. 22.—Overflow water from the Mississippi river receded three inches Monday. Two feet of water is still standing in the lower parts of La Crosse, but danger from floods is past.

WISCONSIN FARMER KILLED.

Philip Eder Meets Death in a Runaway Accident.

Winona, Minn., Sept. 22.—Word has been received here of the finding of the dead body of Philip Eder, a prominent and wealthy farmer residing on Fountain City Ridge, a short distance from this city over in Wisconsin. Mr. Eder left his farm and started to drive to Winona. Several hours after he left, his team, still hitched to the running gear of the wagon, returned to the farm and a searching party was formed. Eder's body was finally found in a corn field. He was dead and the wagon box was lying over him. The coroner was called and it was decided that Eder had come to his death caused by a runaway. Eder leaves a wife and four grown children and he was one of the most prominent members of the G. A. R. in Wisconsin.

FOR MURDER OF GONZALES.

James H. Tiltman Will Be Tried on Sept. 23.

Columbia, S. C., Sept. 22.—At Monday's opening session of the Lexington county court, Judge Frank H. Gray ordered that the trial of James H. Tiltman, charged with the murder of N. G. Gonzales be heard on Monday, Sept. 23.

INFORMALLY DISCUSSED.

Case of W. A. Miller Comes Up Before Labor Council.

Washington, Sept. 22.—The case of Assistant Foreman W. A. Miller, of the government printing office, who was reinstated in his position by order of President Roosevelt, after he had been dismissed from the local bookbinders' union, came up for informal discussion at the meeting Monday of the executive council of the American Federation of Labor. No statement could be obtained at the conclusion of the day's proceedings.

A new feature of the case appeared when President Whitmore of the steamers' union, employed at the government printing office, petitioned President Campers in favor of Miller, urging him not to give the support of the federation to the petition to President Roosevelt, asking for Miller's removal, sent out as a memorial from the central labor union of this city, and which it is said President Whitmore characterized as a blunder.

President Whitmore is a lifelong Republican, and also one of the most prominent union men of the city. It is said that some other strong union men at the government printing office will join Mr. Whitmore in his stand.

ADOPTS STRONG RESOLUTIONS.

Central Labor Union of Washington Acts on Miller Case.

Washington, Sept. 22.—The Central Labor union of this city last night took supplemental action in the case of W. A. Miller and adopted strong resolutions, which were sent to President Roosevelt, urging Miller's dismissal. The resolutions earnestly request the president to modify his order of last July to Secretary Cortelyou in which the president says there must be no discrimination between union and non-union labor, and they further petition that "W. A. Miller, assistant foreman in the bindery of the government printing office, be dismissed to promote the efficiency of the service on charges made by the bookbinders' union, which prove his unfitness for a public servant."

GIVE UP THE ATTEMPT.

Directors of Lake Superior Consolidated Cannot Save Their Company.

New York, Sept. 22.—The directors of the Consolidated Lake Superior company, after a two-hour meeting Monday, gave up the attempt to find a plan for saving the properties of the company, which are in the hands of Speyer & Co., as collateral for the loan of \$5,050,000 made by the banking house to the company some time ago, and announced that the stockholders of the company were entirely at the mercy of the banking firm which could sell out the stock of the operating companies in the Consolidated Lake Superior company at any time they saw fit. With the announcement of this decision came also a practical acknowledgment that they believed that their plans for financing the company to a sound position had been blocked at every point by the great financial interests that are behind rival steel companies in the United States.

After the meeting, speaking for the other directors, Mr. Sanborn said: "Nothing has been done because there was nothing that could be done. We did not come here to consider any plan that had been formulated. We came here to try to find one, and we did not. No feasible plan was presented. The directors can do nothing."

Charles W. Tweed, representing the Sneyer Syndicate, referring to the action of the directors of the Consolidated Lake Superior company, said:

"We have been lenient with the company. We shall probably foreclose the loan, selling the collateral pledges with us at auction. The syndicate will seek reimbursement for its outlay."

FOR VARIOUS ENTERPRISES.

Franchise to Be Granted to Power Company in the Philippines.

Washington, Sept. 22.—Governor Taft has cabled the war department details of the franchise which is to be granted for furnishing power for various enterprises in Manila and elsewhere. He says the commission has surveyed the territory embracing Boloan Falls, at Mahihi, province of Mauna and Lamot and Calliraya rivers, near by, and that it has been discovered that at least 10,000 horse power may be developed from these sources.

The distance from Manila to the point in question is fifty-five miles and Governor Taft says few engineering difficulties will be encountered. The local electrical lighting company of Manila, backed by strong capital, desires to develop the power of the Angat river in Bulacan, a distance of thirty-five miles. The Philippine government, however, should it decide to grant the franchise for furnishing power from this point, will give it to the highest bidder.

The franchise will provide for the sale of power to all alike on reasonable terms fixed with reference to the cost of the plant. An opportunity probably will be given American investors to bid on the franchise, which Governor Taft states will be most valuable.

BLOW PROVES FATAL.

Employee of Parry Manufacturing Company Struck by a Hod Carrier.

Indianapolis, Ind., Sept. 22.—William E. Collins, an employee of the Parry Manufacturing company and a nonunion man, was fatally assaulted on the street Sunday night by a man supposed to be a union hod carrier. Collins refused, it is said, to discuss the respective merits of unionism and nonunionism with his assailant. The latter struck Collins a vicious blow on the head. The blow and the fall caused concussion of the brain from which Collins died Monday.

YOUNGER IN TROUBLE

CHARGE OF EMBEZZLEMENT IS MADE AGAINST THE FORMER OUTLAW.

RESULT OF A DAMAGE SUIT

FRANK JAMES AND COLE YOUNGER ASSERT THE ACCUSATION IS RETALIATORY.

Nevada, Mo., Sept. 22.—A charge of embezzlement of \$6,000 has been made against Cole Younger by the management of a Wild West show with which Frank James and Younger have been associated since Younger's pardon from the Minnesota penitentiary, where he was serving a life sentence. James and Younger had previously brought action for damages against the management, because, as they allege, the show proprietor failed to equip the aggregation according to contract and refused to drive away the gambling element that followed the show. Both James and Younger assert there is nothing in the embezzlement charge, which, they say, is retaliatory.

ATTACKING FOREIGNERS.

Venezuelan Press Bitter Against the Mexicans.

Willemstad, Island of Curacao, Sept. 22.—The steamer Maracabo has just arrived here from Venezuela with a number of foreign notabilities on board. They report that the Caracas press is still fiercely attacking the foreign and mixed tribunals and the foreign empires. Yesterday it was Belgium. Today it is Mexico. Obeying, it is said, President Castro's orders, the papers, having learned that Senor Otero, who upbraid the Mexican claims; Senor Duret, the commissioner and Senor Guzman, the agent, all of the Mexican tribunal and all leading figures in Mexican society, would, on the occasion of the Mexican independence day, give a ball and dinner to friends in a house belonging to a citizen of the United States, printed virulent articles threatening to publish the names of sixteen leaders of Caracas society, who had accepted invitations to be present as anti-patriots and as guilty "of an act of lese patrie," in going to a ball given by foreigners "daring to claim money from Venezuela."

Besides this, menacing letters were sent to the members of the Mexican commission and a popular demonstration against the commissioners having been premeditated, the Mexican commission withdrew the invitations to the ball, so as not to cause a conflict.

MILL EMPLOYES MAY STRIKE.

Demand Eight-Hour Day at Present Scale of Wages.

Minneapolis, Sept. 22.—Indications are that tonight the flour loaders at the Minneapolis mills, who number 375, will strike, and that they will be joined by the packers, millers and millers and employees generally who belong to the International Union of Flour and Cereal Mill Employees, to the number of about 2,000 in all.

If the strike is prolonged it may result in the shutting down of the cooper shops and bag factories, and something like 10,000 employees connected with the milling business in one capacity or another will be thrown out of work.

The demand of the loaders is for an eight-hour day at \$2, the wages now paid for ten hours' labor.

Notice was served on the Minneapolis millers at noon yesterday and was the outcome of a conference held Sunday at which 1,300 mill operatives were said to be present. The millers made no response to the demand, and their silence is interpreted as meaning not only a refusal of the demand, but of a unanimous inclination to not even consider it.

LARGEST MEDICAL SCHOOL.

Real Estate for the Institution Purchased at Chicago.

Chicago, Sept. 22.—One of the most extensive real estate deals in the history of the city has practically been completed for the University of Chicago. The transactions involved the purchase of the entire South frontage of the Midway Plaisance between Cottage Grove and Madison avenues at a total consideration estimated at \$1,000,000 for the land and \$450,000 for the buildings.

The news of the extensive purchases confirms the reports which have circulated in university circles for some time that the largest medical school in the world is to be established on the Midway. Rush Medical college will form the nucleus of the institution and it will be supplemented by the McCormick Memorial Institute for Infectious Diseases, extensive hospitals for which probably will be constructed on the "cottage" plan and possibly the Chicago Polyclinic hospital.

Countess L. De Champeaux Dead.

Detroit, Sept. 22.—A cable dispatch has been received announcing the death of Countess L. De Champeaux, at the Chateau Villeneuve, Cote d'Or, France. The countess was the daughter of F. F. Palmes of Detroit and was married on June 3, 1902.

No Cure So Sure as H. W. Barker's Cough, Catarrh and Consumption Remedy. It's the medicine of all medicine, at JOHN-SON'S Pharmacy. Nothing like it. Try it.

WHY EXPERIMENT LONGER ?

We Have the Only Known Cure in the World for

RHEUMATISM

Your rheumatism is just like all others, and for the same reason that they are not cured, you are not cured. There is only one known cure for rheumatism in the world, and that is MEDERINE. Everything else is simply "recommended." We have thousands of testimonials on file from people who were cured by MEDERINE after paying enough for other "cures" to buy a farm. Every bottle sold bears our absolute guarantee to cure. RHEUMATISM is caused by uric acid in the blood, which stiffens, enlarges and locks the joints and often renders you a cripple for life.

It Drives Out Rheumatism.
Col. C. D. Whittle, Tourist Promoter, St. Louis Mo., writes: "You are the only remedy that kills rheumatism in the system. One course of treatment cured me. I am now taking another treatment for my blood. It is the best medicine I ever used for these troubles. Thousands of testimonials on file from thousands of patients in all parts of the world testifying to the curative qualities of MEDERINE."

A Dockman's Testimony.
A. G. Newberg, E. M. Ry. Dock Free, Sept. 21st, Ind. Amn., West Superior, Wis., says: "I take pleasure in stating that after taking MEDERINE's treatment, that my rheumatism is absolutely cured, after years of suffering. My occupation is on the docks, which means hard work and wet clothes. As a result I contracted rheumatism in my hips, which necessitated laying off from work. Thanks to MEDERINE, I am cured and in the full vigor and health of manhood."

Write MEDERINE REMEDY CO., Duluth, Minn., for their system of treatment. All letters answered. Illustrated booklet containing testimonials of cures mailed free.

PRICE, \$1 PER BOTTLE. Send express prepaid if your druggist does not carry MEDERINE in stock. 6 BOTTLES FOR \$5.

MEDERINE OINTMENT The best treatment for Rheumatism, Sprains, Bruises, Burns, Scalds, Old and New Sores, Blisters and Ulcers. 50c per box.

MEDERINE SOAP For relief, bath and surgery, it softens the skin; a comprehensive treatment for Eczema and all scalp and skin diseases. Price 50c.

BUCKMAN'S DECISIVE VICTORY.

History of the Fight to Remove the Cass Lake Land Office to Bemidji.

The Little Falls Transcript contains the following concerning the land office scrap in which Hon. C. B. Buckman scored a decisive victory:

Congressman Buckman received the news from Washington Saturday that President Roosevelt had sent to Commissioner Richards his approval of that official's recommendation that the government land office now located at Cass Lake be continued at that place instead of being removed to Bemidji.

This news was very pleasing to Mr. Buckman, who had worked from first to last for Cass Lake, and who at times found very formidable opposition.

When the opening of the Cass Lake and other Indian reservations was determined upon, it was necessary that a government land office be established in the central part of northern Minnesota. Cass Lake and Bemidji were both candidates, and their claims were presented; Congressman Buckman supporting Cass Lake and Congressman Steenerson supporting Bemidji. The land officials carefully investigated the situation, Commissioner Richards visiting both Bemidji and Cass Lake. In May the department decided in favor of Cass Lake, and the president made the land office appointments and issued a proclamation establishing the office at Cass Lake to be opened for business on July 1. In June it was discovered that no movement was being made by the department to carry out the proclamation and a personal investigation by Congressman Buckman revealed the fact that Secretary Hitchcock of the interior department was holding up the entire matter by written authority of the president. The president was visited and he had been led to believe that the choice of Cass Lake was a great error and he apparently had Tam's Bixby's assurance to that effect. When it was made plain that Bixby's interest in the towns of Bemidji might prejudice his judgment the president promptly sent another note to Hitchcock to carry out his first instructions and open the Cass Lake office. There was barely time left to open the office on July 1 but by quick work the office was ready for business on July 1.

Then Congressman Steenerson and attorneys from Bemidji made a vigorous appeal to the president for a rehearing of the case, and their request was granted. Land Commissioner Richards heard both sides again Aug. 31, Congressman Buckman again presenting Cass Lake's side. After the hearing it was conceded by all parties that Cass Lake's cause had been fully protected by the Little Falls congressman and the result endorses that opinion. The early report of Commissioner Richards to the president and the latter's prompt approval of it shows that Mr. Buckman's victory was quite decisive.

DO NOT DOSE THE STOMACH.

Cure Catarrh by Nature's Own Method-- Every Breath of Hyomei Brings Relief.

Nearly everyone who has catarrh knows how foolish it is to try and cure it by drugging the stomach. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you can carry a health giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.

The complete Hyomei outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.

H. P. Dunn & Co. have sold a great many Hyomei outfits and the more they sell the more convinced are they that they are perfectly safe in guaranteeing to refund the money if Hyomei does not cure.

Sportsmen Attention. New Rival, New Club, Robin Hood and Nitro Club loaded shells at 70tf D. M. CLARK & CO

Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

TO LOOK UP LUMBER COMPANY'S DRIVE

Thought Unless there is More Rain and Raise of Water the Mills will Close.

DRIVE IS NOW VERY BACKWARD

Superintendent Cook Left This Morning for the Little Mississippi Country.

There is a likelihood that the Brainerd Lumber company's mills in this city will be closed down several weeks earlier this year than for many years past, all on account of the fact that it has been impossible to get the big drive in, and the mill will soon finish sawing what logs are now on hand.

The drive has reached the head waters of Itasca and it is thought that there will have to be several more inches of headway before it will be possible to get it over.

Supt. Cook left this morning for the Lake Itasca country to view the situation and he will be able to tell definitely when the drive will be in when he gets back. There are several million feet of logs in this drive.

Fall and Winter Millinery.

Before you decide to buy don't fail to see our splendid assortment of stylish trimmed hats; by far the choicest display ever shown in the city. Prices so low as to make them quite irresistible. MRS. C. GRANDELMYER.

BUCKMAN'S DECISIVE VICTORY.

History of the Fight to Remove the Cass Lake Land Office to Bemidji.

The Little Falls Transcript contains the following concerning the land office scrap in which Hon. C. B. Buckman scored a decisive victory:

Congressman Buckman received the news from Washington Saturday that President Roosevelt had sent to Commissioner Richards his approval of that official's recommendation that the government land office now located at Cass Lake be continued at that place instead of being removed to Bemidji.

This news was very pleasing to Mr. Buckman, who had worked from first to last for Cass Lake, and who at times found very formidable opposition.

When the opening of the Cass Lake and other Indian reservations was determined upon, it was necessary that a government land office be established in the central part of northern Minnesota. Cass Lake and Bemidji were both candidates, and their claims were presented; Congressman Buckman supporting Cass Lake and Congressman Steenerson supporting Bemidji. The land officials carefully investigated the situation, Commissioner Richards visiting both Bemidji and Cass Lake. In May the department decided in favor of Cass Lake, and the president made the land office appointments and issued a proclamation establishing the office at Cass Lake to be opened for business on July 1. In June it was discovered that no movement was being made by the department to carry out the proclamation and a personal investigation by Congressman Buckman revealed the fact that Secretary Hitchcock of the interior department was holding up the entire matter by written authority of the president. The president was visited and he had been led to believe that the choice of Cass Lake was a great error and he apparently had Tam's Bixby's assurance to that effect. When it was made plain that Bixby's interest in the townsite of Bemidji might prejudice his judgment the president promptly sent another note to Hitchcock to carry out his first instructions and open the Cass Lake office. There was barely time left to open the office on July 1 but by quick work the office was ready for business on July 1.

Then Congressman Steenerson and attorneys from Bemidji made a vigorous appeal to the president for a rehearing of the case, and their request was granted. Land Commissioner Richards heard both sides again Aug. 31, Congressman Buckman again presenting Cass Lake's side. After the hearing it was conceded by all parties that Cass Lake's cause had been fully protected by the Little Falls congressman and the result endorses that opinion. The early report of Commissioner Richards to the president and the latter's prompt approval of it shows that Mr. Buckman's victory was quite decisive.

DO NOT DOSE THE STOMACH.

Cure Catarrh by Nature's Own Method-- Every Breath of Hyomei Brings Relief.

Nearly everyone who has catarrh knows how foolish it is to try and cure it by dragging the stomach. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you can carry a health giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.

The complete Hyomei outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.

H. P. Dunn & Co. have sold a great many Hyomei outfits and the more they sell the more convinced are they that they are perfectly safe in guaranteeing to refund the money if Hyomei does not cure.

Sportsmen Attention.

Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

TO LOOK UP LUMBER COMPANY'S DRIVE

Thought Unless there is More Rain and Raise of Water the Mills will Close.

DRIVE IS NOW VERY BACKWARD

Superintendent Cook Left This Morning for the Little Mississippi Country.

There is a likelihood that the Brainerd Lumber company's mills in this city will be closed down several weeks earlier this year than for many years past, all on account of the fact that it has been impossible to get the big drive in, and the mill will soon finish sawing what logs are now on hand.

The drive has reached the head waters of Itasca and it is thought that there will have to be several more inches of headway before it will be possible to get it over.

Supt. Cook left this morning for the Lake Itasca country to view the situation and he will be able to tell definitely when the drive will be in when he gets back. There are several million feet of logs in this drive.

BARTENDERS WIN FIRST ROUND.

In the Case Against Tysk & Engstrom In-
volving Their Right to Hang Up
Union Card.

The local Bartender's union has won out in the suit against the saloon firm of Tysk & Engstrom, which involved the right of the firm to hang in its place of business a membership placard, and the much coveted card is now in the possession of the city clerk. The trouble arose over the fact that the bartenders claimed that the firm was not living up to its agreement with the league. Every firm pays \$5 for this card, but it remains the property of the union, and can be removed according to the by-laws on proof of any violation of the rules. In this event it is claimed the firm does not employ union help. On the other hand, the firm claim that they do not hire bartenders at all; that they do all the work themselves and that the man who works for them is a porter. The court held with the plaintiffs, and entered judgment accordingly.

Don't try to wear that old rusty hat all fall. A new one in the latest shape will cost you only \$2.50 or \$3.00.

Application of Two Fakirs Made
to the City Council is
Turned Down.

COUNCIL MEETING LAST NIGHT.

Bids Were Opened for the Laying
of a Large Number of
Cement Walks.

There was a meeting of the city council last night in chambers with President Crust in the chair. The following aldermen were present: Halladay, Gardner, Purdy, Rowley, Gruenhagen and Robertson.

The regular financial report of the city clerk was received and placed on file.

In reading the minutes of the previous meeting Alderman Rowley learned that some \$18.50 had been allowed R. K. Whiteley for work done a long time ago. He raised an objection, but it was too late as the bill had been allowed.

The liquor license application of Herbst & Betzold was received. The license was granted and the bond was approved.

A communication was read from Secretary Mahlum, of the board of education, asking that the city lay a walk in front of the mill school house in East Brainerd. On motion of Alderman Halladay the request was granted.

Another resolution came up ordering more sidewalks laid in the city, but this time Alderman Rowley made some objection from a legal standpoint and when reminded that council was proceeding in the matter the same as in the past, he stated that this did not make any difference if council was in the wrong. The resolution was, however, passed.

A communication was read from A. A. White in which he stated that the grade given for the walk in front of the old White property on Seventh street was nearly a foot too high and that the property was damaged by the putting in of the walk. The communication was accepted and placed on file.

City Clerk Low read communications from the Northern Pacific regarding the amount the company agreed to pay toward macadamizing Front street. The official who wrote the letters stated that the company was willing to pay the amount promised toward macadamizing the street, \$1,000, and also the amount of the cost of putting in the Eighth street sewer, \$150, as soon as a certified statement of the amount of work done is furnished. The matter was left in the hands of the city clerk and city engineer to straighten up.

There was some lively bidding on sidewalks. Heretofore the work of laying cement walks in the city of Brainerd has not been considered a very great proposition but last night an outside firm got in with a bid. Thompson & Dunlop, of Duluth, made a bid of 14 cents per square foot, J. H. Kellehan had a bid in for 80 cents per square yard, Carlson & Brown had another for 90 cents a square yard and Z. LeBlanc's bid was 84 cents a square yard. The matter was discussed at length and it was finally decided that it would be best to accept the bid of Z. LeBlanc, it being thought that he laid a good walk and his price seemed to be reasonable. The one reason why his bid was accepted was the fact that he made provision for the filling in cases where it is needed. The firm of Carlson & Brown was also awarded a contract for half of the work if they agreed to meet the price of Mr. LeBlanc.

There was an amusing feature of last night's council proceedings which was somewhat out of the ordinary. It seems that the city authorities are awakening to the fact that Brainerd has been "bled" rather promiscuously this summer by grafters, hawksters, etc., etc. A new proposition appeared in the form of a Dr. Stewart whose dignified and rather smooth demeanor ought to win him a place in the house of parliament. Of course he was there strong and he wanted it thoroughly understood from the start that he had the goods and could deliver them.

He had the only real thing ever, and he seemed to think that because he had lived in the state eight or ten summers, that he ought not be barred out from coming to Brainerd and disposing of a wheelbarrow or so full of medicine. The fact is he is one of the genuine "medicine men," but of course he was not to be turned down in Brainerd when Duluth, Minneapolis and St. Paul extended open arms to him. The city attorney stated that Mayor Husted had given instructions that no more street fakirs are to operate in this city; that hereafter the license would be \$50 a day. Dr. Stewart said that he did not think he could "pull off" this much with his "joint" and asked that he be spared the pain and be allowed to operate in Brainerd. He exclaimed in accent loud, "Am I to be crucified on the cross built by the Tiger Fat man?" Anyway he did not get the license to sell his medicine and left the room in utter disgust.

After transacting business of a routine nature the council adjourned.

MUSIC AND DRAMA.

HAVERLY'S.

Haverly's famous minstrel band, under the direction of Mr. Frank Fuhrer, the "Creator" of minstrel band masters, will give a minstrel concert at 1 o'clock Wednesday, in front of Dunn's and another at 7:30 in front of theatre from the following repertoire: "The Wizard of Oz, Prince of Pilsen, Sultan of Sulu, The Chinese Honeymoon, King Dodo, The Chaperons, The Singing Girl, Maritana, Zamona, The Charmer Waltzes, Dolly Varden, Hoity Toity, The Ameer, Record Breakers, medley, The Donkey Laugh, World Beater, medley, Cottonfield Capers, Pan Americana, Punchinello, and the following cornet solos: Sweet Maggie May, Pretty Mollie Shannon, We're all Good Fellows, The Great Beyond, Goodnight, Beloved, Goodnight, Your Own, Stay in Your own Back Yard, Absence Makes the Heart Grow Fonder.

The company appear at the opera house in the evening. Among the mirth promoters, are Eddie Leonard, whose clever negro dialect has made him a favorite, Eddie Mazier, an irresistibly funny story teller, Perron Somers, Dan Waldron, Jake Young, Fred Cartelle, Gene Marcus, George Garden, Johnnie Conley.

In the olio are real minstrel specialties, opening with Mazier & Conley, singing and talking comedians, Marcus & Cartelle, in a laughable combination of skatorial rollerism and clever terpsichorean work, Garden & Somers, musical kings, Billy Van, the assassin of sorrow, the famous Young Brothers, marvellous acrobats, and Eddie Leonard, assisted by a bunch of clever terpsichorean artists, presenting a southern moonlight scene, entitled, "In the Moonlight."

Think of us when you need gloves. Gloves for street wear, driving or for dress. Gloves for the workman. Gloves for everybody.

91tf LINNEMAN & CARLSON.

C. P. WALKER'S COMPANY.

Manager C. P. Walker, of the Walker Theatre Company puts a Company of His own on Road.

Manager C. P. Walker, of the Walker Theatre company, has a company of his own on the road this year as the following from the Winnipeg Free Press would indicate:

"Mr. Harold Nelson and his dramatic company, composed of capable players, leave today for Brandon, where the western tour of the Nelson company is to be inaugurated Monday night with an elaborate production of the famous religious drama, 'Quo Vadis.'"

"Mr. C. P. Walker, proprietor of the Winnipeg and allied theatres, is this season Mr. Nelson's manager, and he has provided productions for every play in Mr. Nelson's extensive repertoire, which are more elaborate in respect to scenery and costumes than have ever before been seen in western Canada. Mr. Walker thinks the progressive towns of Manitoba and the Northwest are entitled to more complete performances and he has had sufficient faith that the public will discriminate between cheap and good performances to supply the capital."

"After a few weeks in the province Mr. Nelson will play an engagement at the Winnipeg theatre in 'Quo Vadis,' 'Hamlet' and 'Much Ado About Nothing.'"

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures quickly and permanently. At any drug store, 50 cents.

to the City Council is
Turned Down.

COUNCIL MEETING LAST NIGHT.

Bids Were Opened for the Laying
of a Large Number of
Cement Walks.

There was a meeting of the city council last night in chambers with President Crust in the chair. The following aldermen were present: Halladay, Gardner, Purdy, Rowley, Gruenhagen and Robertson.

The regular financial report of the city clerk was received and placed on file.

In reading the minutes of the previous meeting Alderman Rowley learned that some \$18.50 had been allowed R. K. Whiteley for work done a long time ago. He raised an objection, but it was too late as the bill had been allowed.

The liquor license application of Herbst & Betzold was received. The license was granted and the bond was approved.

A communication was read from Secretary Mahlum, of the board of education, asking that the city lay a walk in front of the mill school house in East Brainerd. On motion of Alderman Halladay the request was granted.

Another resolution came up ordering more sidewalks laid in the city, but this time Alderman Rowley made some objection from a legal standpoint and when reminded that council was proceeding in the matter the same as in the past, he stated that this did not make any difference if council was in the wrong. The resolution was, however, passed.

A communication was read from A. A. White in which he stated that the grade given for the walk in front of the old White property on Seventh street was nearly a foot too high and that the property was damaged by the putting in of the walk. The communication was accepted and placed on file.

City Clerk Low read communications from the Northern Pacific regarding the amount the company agreed to pay toward macadamizing Front street. The official who wrote the letters stated that the company was willing to pay the amount promised toward macadamizing the street, \$1,000, and also the amount of the cost of putting in the Eighth street sewer, \$150, as soon as a certified statement of the amount of work done is furnished. The matter was left in the hands of the city clerk and city engineer to straighten up.

There was some lively bidding on sidewalks. Heretofore the work of laying cement walks in the city of Brainerd has not been considered a very great proposition but last night an outside firm got in with a bid. Thompson & Dunlop, of Duluth, made a bid of 14 cents per square foot, J. H. Kellehan had a bid in for 80 cents per square yard, Carlson & Brown had another for 90 cents a square yard and Z. LeBlanc's bid was 84 cents a square yard. The matter was discussed at length and it was finally decided that it would be best to accept the bid of Z. LeBlanc, it being thought that he laid a good walk and his price seemed to be reasonable. The one reason why his bid was accepted was the fact that he made provision for the filling in cases where it is needed. The firm of Carlson & Brown was also awarded a contract for half of the work if they agreed to meet the price of Mr. LeBlanc.

There was an amusing feature of last night's council proceedings which was somewhat out of the ordinary. It seems that the city authorities are awakening to the fact that Brainerd has been "bled" rather promiscuously this summer by grafters, hawksters, etc., etc. A new proposition appeared in the form of a Dr. Stewart whose dignified and rather smooth demeanor ought to win him a place in the house of parliament. Of course he was there strong and he wanted it thoroughly understood from the start that he had the goods and could deliver them.

He had the only real thing ever, and he seemed to think that because he had lived in the state eight or ten summers, that he ought not be barred out from coming to Brainerd and disposing of a wheelbarrow or so full of medicine. The fact is he is one of the genuine "medicine men," but of course he was not to be turned down in Brainerd when Duluth, Minneapolis and St. Paul extended open arms to him. The city attorney stated that Mayor Halsted had given instructions that no more street fakirs are to operate in this city; that hereafter the license would be \$50 a day. Dr. Stewart said that he did not think he could "pull off" this much with his "joint" and asked that he be spared the pain and be allowed to operate in Brainerd. He exclaimed in accent loud, "Am I to be crucified on the cross built by the Tiger Fat man?" Anyway he did not get the license to sell his medicine and left the room in utter disgust.

After transacting business of a routine nature the council adjourned.

MUSIC AND DRAMA.

HAVERLY'S.

Haverly's famous minstrel band, under the direction of Mr. Frank Fuhrer, the "Creator" of minstrel band masters, will give a minstrel concert at 1 o'clock Wednesday, in front of Dunn's and another at 7:30 in front of theatre from the following repertoire: 'The Wizard of Oz, Prince of Pilsen, Sultan of Sulu, The Chinese Honeymoon, King Dodo, The Chaperons, The Singing Girl, Maritana, Zamona, The Charming Waltzes, Dolly Varden, Hoity Toity, The Ameer, Record Breakers, medley, The Donkey Laugh, World Beater, medley, Cottonfield Capers, Pan Americana, Punchinello, and the following cornet solos: Sweet Maggie May, Pretty Mollie Shannon, We're all Good Fellows, The Great Beyond, Goodnight, Beloved, Goodnight, Your Own, Stay in Your own Back Yard, Absence Makes the Heart Grow Fonder.

The company appear at the opera house in the evening. Among the mirth promoters, are Eddie Leonard, whose clever negro dialect has made him a favorite, Eddie Mazier, an irresistibly funny story teller, Perron Somers, Dan Waldron, Jake Young, Fred Cartelle, Gene Marcus, George Garden, Johnnie Conley.

In the olio are real minstrel specialties, opening with Mazier & Conley, singing and talking comedians, Marcus & Cartelle, in a laughable combination of skatol rollerism and clever terpsichorean work, Garden & Somers, musical kings, Billy Van, the assassin of sorrow, the famous Young Brothers, marvellous acrobats, and Eddie Leonard, assisted by a bunch of clever terpsichorean artists, presenting a southern moonlight scene, entitled, "In the Moonlight."

Think of us when you need gloves. Gloves for street wear, driving or for dress. Gloves for the workingman. Gloves for everybody.

91tf LINNEMAN & CARLSON.

C. P. WALKER'S COMPANY.

Manager C. P. Walker, of the Walker Theatre Company puts a Company of His own on Road.

Manager C. P. Walker, of the Walker Theatre company, has a company of his own on the road this year as the following from the Winnipeg Free Press would indicate:

"Mr. Harold Nelson and his dramatic company, composed of capable players, leave today for Brandon, where the western tour of the Nelson company is to be inaugurated Monday night with an elaborate production of the famous religious drama, 'Quo Vadis.'"

"Mr. C. P. Walker, proprietor of the Winnipeg and allied theatres, is this season Mr. Nelson's manager, and he has provided productions for every play in Mr. Nelson's extensive repertoire, which are more elaborate in respect to scenery and costumes than have ever before been seen in western Canada. Mr. Walker thinks the progressive towns of Manitoba and the Northwest are entitled to more complete performances and he has had sufficient faith that the public will discriminate between cheap and good performances to supply the capital."

"After a few weeks in the province Mr. Nelson will play an engagement at the Winnipeg theatre in 'Quo Vadis,' 'Hamlet' and 'Much Ado About Nothing.'"

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures quickly and permanently. At any drug store, 50 cents.

THE MARKETS.

BARTENDERS WIN FIRST ROUND.

In the Case Against Tysk & Engstrom Involving Their Right to Hang Up Union Card.

The local Bartender's union has won out in the suit against the saloon firm of Tysk & Engstrom, which involved the right of the firm to hang in its place of business a membership placard, and the much coveted card is now in the possession of the city clerk. The trouble arose over the fact that the bartenders claimed that the firm was not living up to its agreement with the league. Every firm pays \$5 for this card, but it remains the property of the union, and can be removed according to the by-laws on proof of any violation of the rules. In this event it is claimed the firm does not employ union help. On the other hand, the firm claim that they do not hire bartenders at all; that they do all the work themselves and that the man who works for them is a porter. The court held with the plaintiffs, and entered judgment accordingly.

Don't try to wear that old rusty hat all fall. A new one in the latest shape will cost you only \$2.50 or \$3.00.

ORGANIZATIONS MAY UNITE.
Love Fork to Merge Locomotive
Firemen and Engineers.
St. Paul, Sept. 22.—There is a move
under way to unite the Brotherhood
of Locomotive Firemen and Engineers,
and the two organizations may soon
be federated into one great union.
Trivart Shea, second vice president
of the firemen's organization, it is said,
is the leader of the consolidation
movement, and it is further stated
that the federation scheme is meeting
with much encouragement from all the
grand officers of both organizations.
For years there has been a great
number of firemen and engineers who
have favored the consolidation, but until
a few months ago, the late P. M.
Arthur, grand master of the Engineers'
Brotherhood, opposed the merger.
Shortly before his death he is said to
have been won over to the consolidation
idea, and was a strong advocate
of the movement.

According to the rules of both or-
ganizations they may be merged at
any time by a majority vote of the
members.
The joining of the two brotherhoods
will make one of the strongest labor
unions in existence, with a member-
ship of more than 95,000 skilled work-
men.

IN A HOPELESS STATE.
Canal Negotiations With Colombia
Likely to End Without Result.

Washington, Sept. 22.—Within one
day of the expiration of the time limit
for the exchange of ratifications of the
Hay-Herran Panama canal treaty the
state department is still without any
request from the Colombian govern-
ment for the extension of this period.
At the state department the canal sit-
uation was said to be in the same hope-
less state as described in the cable-
gram of Minister Beaupre received
Saturday.

Acting Secretary of State Adee as-
serted very positively that no new
proposition had reached Washington
from Bogota. The communication
which Dr. Herran, the Colombian
charge, recently submitted to the state
department was to the effect that the
Bogota government desired to con-
tinue canal negotiations in case the
present pending treaty failed of ratifi-
cation. The state department has not
replied to this representation.

STARTS ON A LONG JOURNEY.

Steamship Texan Will Try to Travel
13,900 Miles Without Stops.

Tacoma, Wash., Sept. 22.—The
steamship Texan sailed Monday for
Delaware Breakwater, direct, which is
probably the longest trip for a steam-
ship ever attempted without stops.
The distance is 13,900 miles, and Cap-
tain Morrison hopes to make it in fifty
days.

As a usual thing, steamers leaving
Puget Sound for the Atlantic coast stop
either at San Francisco or some of the
South American ports for coal.
These stops the Texan will not make
unless it be on account of an accident.
She has taken on 4,100 tons of coal
at this port and that amount is ex-
pected to see her into the Atlantic port.
The Texan carries immense cargo of
sugar, canned salmon and general
freight. After she passes out of the
straits of Magellan, and from there
direct for Delaware Breakwater.

When doctors fail, try Burdock Blood
Bitters. Cures dyspepsia, constipation;
invigorates the whole system.

WAR NOW IMMINENT

TURKISH AND BULGARIAN SOL-
DIERS HAVE A SKIRMISH ON
THE BOUNDARY.

FLEE FROM THE FRONTIER

PEOPLE ON THE LINE REMOVING
THEIR PROPERTY TO LESS
EXPOSED PLACES.

London, Sept. 22.—A dispatch from
the town of Galtchevo, on the Turco-
Bulgarian frontier, to the Daily Mail,
reports that great excitement prevails
in the district because of a skirmish
between Turkish and Bulgarian troops
Saturday, on the mountain range
which forms the boundary line.

'The general impression is that war
is only a question of a few days, and
the people are removing their property
from the frontier districts to places
of safety.'

The dispatch adds that Turkey is
massing 40,000 troops in and around
Palanka, ten miles from the Bulgar-
ian frontier, against which force the
Bulgarians have only 4,000 men at
Kostendil.

The Turkish frontier officers, says a
dispatch to the Times from Dubinitza,
Bulgaria, report that the insurgents
under General Zantcheff were defeat-
ed with great slaughter near Milnik,
and a great number of Bulgarians
were massacred in the neighboring
villages, several of which are burning.

LESS HOPEFUL FEELING.

Replies to Bulgaria's Note Causes
Depression.

Sofia, Sept. 22.—The unfavorable re-
plies of Austria and Russia to Bul-
garia's last note, and the fact that
none of the other great powers has yet
replied, coupled with the allegations
that one of the powers is encouraging
the military party at the Yildiz Kiosk,
tend to create a less hopeful feeling
here. There is, however, no percepti-
ble change in the situation. Various
reports are in circulation regarding
negotiations between Turkey and Bul-
garia looking to a solution of the Ma-
cedonian difficulty.

The Dnevnik says Turkey has pre-
sented a note to Bulgaria asking for
the latter's assistance in reaching a
peaceable solution. Bulgaria replied
that Turkey must end the massacres
and withdraw her frontier forces, guaran-
teeing and protection to the villagers
desiring to return to their homes.
Amnesty to the political offenders and
introduction of such governmental reforms
as will pacify Macedonia and Adrian-
ople.

The Bulgarian reply concluded: "If
the present situation continues, the
Bulgarian government will be com-
pelled to yield to public opinion, and
send an army to the frontier."

It appears doubtful that the govern-
ment has sent such an answer, but
the statement published represents in
some degree the government's atti-
tude.

According to information received at
revolutionary headquarters from
Monastir, 120 persons perished in the
flames of their burning villages near
Kastoria, more than 1,200 bodies of
women and children are said to be
lying unburied in the fields and on the
roadside around that place.
It is reported that 500 Turks were
killed with dynamite while fighting
against a body of insurgents in the
Kresna defile.

SHOCK TO CIVILIZATION.

United States May Protest to Turkey
Against Alleged Atrocities.

Washington, Sept. 22.—The state de-
partment has received a long cable-
gram from Minister Leishman at Con-
stantinople but nothing was given out
regarding it except the informal state-
ment that it contained no alarming
news and was in part concerned with
routine business. Withdrawal of the
American squadron from Beirut, it was
said, has not yet been determined
upon and no intimation has been re-
ceived from Oyster Bay as to the pres-
ident's intentions in the matter.

Communications have reached the
state department urging this govern-
ment to say or do something that will
put a stop to the atrocities in Turkey.
It is said that this pressure does not
emanate from the missionaries. Offi-
cials at the state department are retic-
ent about the probability of the United
States giving expression to the
feeling with which the alleged atrocities
in Turkey are viewed by the peo-
ple of the United States, but they say
that reports from Turkey show that
the deeds daily perpetrated in sec-
tions of that country are of such a
character as to shock civilization and
necessarily are of deep concern to the
United States.

FIVE HUNDRED TURKS KILLED.

Severe Engagement Said to Have Oc-
curred in Macedonia.

Sofia, Bulgaria, Sept. 22.—According
to fugitives who have arrived at Rila
from Djumala a serious engagement
has occurred at Pekin, near Melnik,
sixty-five miles from Salonika, in
which the Turks are said to have lost
500 men killed, including two colonels.
Most of the villages in the district
of Melnik are in the hands of the in-
surgents. Many of the villages are in
flames.

THE MAN BEHIND THE GUN.

Henry Ward Treanor Makes Four Suc-
cessive Bullseyes.

Washington, Sept. 22.—A bulletin
was posted at the navy department
during the day to the effect that Henry
Ward Treanor was the man behind the
battleship Indiana's eight-inch
gun that put four successive shots
through the bullseye on the 17x21 foot
target at the 1,400 and 1,600 yards
range during the recent target prac-
tice of that vessel.
Treanor enlisted as a seaman at St.
Paul, Minn., in July, 1901, and has
been a gun pointer since Jan. 1, last.

FLOATING IN LAKE MICHIGAN.

Body of a Chicago Boy Found and
Murder Charge Results.

Chicago, Sept. 22.—For two days the
police have been searching for Arthur
Eaton, the eleven-year-old son of C.
W. Eaton of 318 Washington boule-
vard, and last night his body was
found floating in Lake Michigan. Two
of Young Eaton's playmates, with whom
he was seized and dragged away by
Albert Shupe, who accused Young Eaton
of stealing \$2. Shupe has been
arrested and several of his conflicting
stories as to his whereabouts when the
boy disappeared, have been proven
false. It is thought by the parents of
the boy that Shupe dragged the boy to
the lake and threw him in. There is
no direct proof of this, however.

DAVIS AT WEST POINT.

Cavalryman Rides Two Thousand
Miles in Thirty-nine Days.

Newburgh, N. Y., Sept. 22.—Trooper
Davis of the Eighth United States
cavalry has reached West Point, being
the first of a detachment of twelve
troopers who started from Oklahoma
thirty-nine days ago on a test ride of
2,000 miles. The men were allowed
to eat and sleep when they pleased,
relays of horses being provided every
thirty miles, the object of the ride be-
ing to cover the distance in the short-
est possible time.

TWO OF HER CREW MISSING.

Steamer Beatrice Arrives Off Dela-
ware Breakwater.

Norfolk, Va., Sept. 22.—An un-
confirmed rumor from Wachapreague, in a
special to the Virginian-Pilot states
that the fishing steamer Beatrice, sup-
posed to have been lost in the hurri-
cane, has arrived off Delaware Break-
water with two men lost from her
crew of thirty-five.

Died to Save His Wife.

New York, Sept. 22.—To save the
life of his wife William M. Reeves,
department manager of a large Broad-
way store, sacrificed his own life in the
waters of the North river off Ninety-
sixth street. It is said that when Mrs.
Reeves realized her husband's fate she
attempted to drown herself.

DUCK HUNTER DROWNS.

Recall of His Gun Precipitates Him
Into a Lake.

Worthington, Minn., Sept. 22.—
George Johnson, an employee of the
Colmen Lumber company at this place,
was drowned in Ocheysen lake dur-
ing the afternoon. Together with
James Christiansa he was standing in
a boat shooting at some ducks that
were passing and the recall of the
guns caused them to lose their bal-
ance and both were precipitated into
the water. Christiansa was able to get
hold of the boat and held on until as-
sistance arrived, but Johnson was un-
able to save himself.

ORGANIZATIONS MAY UNITE.

Love Foot to Merge Locomotive
Engineers and Engineers.

St. Paul, Sept. 22.—There is a move
under way to unite the Brotherhood
of Locomotive Firemen and Engineers,
and the two organizations may soon
be federated into one great union.

Trivert Shea, second vice president
of the firemen's organization, it is said,
is the leader of the consolidation
movement, and it is further stated by
members of the brotherhood that the
consolidation scheme is meeting with
much encouragement from all the
grand officers of both organizations.

For years there has been a great
number of firemen and engineers who
have favored the consolidation, but un-
til a few months ago, the late P. M.
Arthur, grand master of the Engineers'
Brotherhood, opposed the merger.
Shortly before his death he is said to
have been won over to the consolida-
tion idea, and was a strong advocate
of the movement.

According to the rules of both or-
ganizations they may be merged at
any time by a majority vote of the
members.

The joining of the two brotherhoods
will make one of the strongest labor
unions in existence, with a member-
ship of more than 95,000 skilled work-
men.

IN A HOPELESS STATE.

Canal Negotiations With Colombia
Likely to End Without Result.

Washington, Sept. 22.—Within one
day of the expiration of the time limit
for the exchange of ratifications of the
Hay-Herran Panama canal treaty the
state department is still without any
request from the Colombian govern-
ment for the extension of this period.
At the state department the canal situ-
ation was said to be in the same hope-
less state as described in the cable-
gram of Minister Beaupre received
Saturday.

Acting Secretary of State Adee as-
serted very positively that no new
proposition had reached Washington
from Bogota. The communication
which Dr. Herran, the Colombian
charge, recently submitted to the state
department was to the effect that the
Bogota government desired to con-
tinue canal negotiations in case the
present pending treaty failed of ratifi-
cation. The state department has not
replied to this representation.

STARTS ON A LONG JOURNEY.

Steamship Texan Will Try to Travel
13,900 Miles Without Stops.

Tacoma, Wash., Sept. 22.—The
steamship Texan sailed Monday for
Delaware Breakwater, direct, which is
probably the longest trip for a steam-
ship ever attempted without stops.
The distance is 13,900 miles, and Cap-
tain Morrison hopes to make it in fifty
days.

As a usual thing, steamers leaving
Puget Sound for the Atlantic coast stop
either at San Francisco or some of the
South American ports for coal. These
stops the Texan will not make unless
it be on account of an accident. She
has taken on 4,100 tons of coal at this
port and that amount is expected to
see her into the Atlantic port. The
Texan carries immense cargo of sugar,
canned salmon and general freight.
After she passes out of the straits,
she will head directly for the straits
of Magellan, and from there direct
for Delaware Breakwater.

When doctors fail, try Burdock Blood
Bitters. Cures dyspepsia, constipation;
invigorates the whole system.

If you want a tie or shirt different
from the common sort, come here for it.

WAR NOW IMMINENT

TURKISH AND BULGARIAN SOL-
DIERS HAVE A SKIRMISH ON
THE BOUNDARY.

FLEE FROM THE FRONTIER

PEOPLE ON THE LINE REMOVING
THEIR PROPERTY TO LESS
EXPOSED PLACES.

London, Sept. 22.—A dispatch from
the town of Guitchevo, on the Turco-
Bulgarian frontier, to the Daily Mail,
reports that great excitement prevails
in the district because of a skirmish
between Turkish and Bulgarian troops
Saturday, on the mountain range
which forms the boundary line.

"The general impression is that war
is only a question of a few days, and
the people are removing their property
from the frontier districts to places
of safety."

The dispatch adds that Turkey is
massing 40,000 troops in and around
Palanka, ten miles from the Bulgar-
ian frontier, against which force the
Bulgarians have only 4,000 men at
Kontendil.

The Turkish frontier officers, says a
dispatch to the Times from Dubniza,
Bulgaria, report that the Bulgarians
under General Zantchoff were defeat-
ed with great slaughter near Milnik,
and a great number of Bulgarians
were massacred in the neighboring
villages, several of which are burning.

LESS HOPEFUL FEELING.

Replies to Bulgaria's Note Causes
Depression.

Sofia, Sept. 22.—The unfavorable
replies of Austria and Russia to Bul-
garia's last note, and the fact that
none of the other great powers has yet
replied, coupled with the allegations
that one of the powers is encouraging
the military party at the Yildiz Kiosk,
tend to create a less hopeful feeling
here. There is, however, no percepti-
ble change in the situation. Various
reports are in circulation regarding
negotiations between Turkey and Bul-
garia looking to a solution of the Ma-
cedonian difficulty.

The Dnevnik says Turkey has pre-
sented a note to Bulgaria asking for
the latter's assistance in reaching a
peaceable solution. Bulgaria replied
that Turkey must end the massacres,
withdraw her frontier forces, guarantee
peace and protection to the villagers
desiring to return to their homes,
amnesty to the political offenders and
introduce such governmental reforms
as will pacify Macedonia and Adria-
nople.

The Bulgarian reply concluded: "If
the present situation continues, the
Bulgarian government will be com-
pelled to yield to public opinion, and
send an army to the frontier."

It appears doubtful that the govern-
ment has sent such an answer, but
the statement published represents in
some degree the government's atti-
tude.

According to information received
at revolutionary headquarters from
Monastir, 120 persons perished in the
flames of their burning villages near
Kastoria, more than 1,200 bodies of
women and children are said to be
lying unburied in the fields and on the
roadside around that place.

It is reported that 500 Turks were
killed with dynamite while fighting
against a body of insurgents in the
Kresna defile.

SHOCK TO CIVILIZATION.

United States May Protest to Turkey
Against Alleged Atrocities.

Washington, Sept. 22.—The state de-
partment has received a long cable-
gram from Minister Leishman at Con-
stantinople but nothing was given out
regarding it except the informal state-
ment that it contained no alarming
news and was in part concerned with
routine business. Withdrawal of the
American squadron from Beirut, it was
said, has not yet been determined
upon and no intimation has been re-
ceived from Oyster Bay as to the pres-
ident's intentions in the matter.

Communications have reached the
state department urging this govern-
ment to say or do something that will
put a stop to the atrocities in Turkey.
It is said that this pressure does not
emanate from the missionaries. Offi-
cials at the state department are retic-
ent about the probability of the United
States giving expression to the
feeling with which the alleged atrocities
in Turkey are viewed by the people
of the United States, but they say
that reports from Turkey show that
the deeds daily perpetrated in sec-
tions of that country are of such a
character as to shock civilization and
necessarily are of deep concern to the
United States.

FIVE HUNDRED TURKS KILLED.

Severe Engagement Said to Have Oc-
curred in Macedonia.

Sofia, Bulgaria, Sept. 22.—According
to fugitives who have arrived at Rila
from Djumala a serious engagement
has occurred at Pekin, near Melnik,
sixty-five miles from Salonica, in
which the Turks are said to have lost
500 men killed, including two colonels.
Most of the villages in the district
of Melnik are in the hands of the in-
surgents. Many of the villages are in
flames.

THE MAN BEHIND THE GUN.

Henry Ward Treanor Makes Four Suc-
cessive Bullseyes.

Washington, Sept. 22.—A bulletin
has posted at the navy department
during the day to the effect that Henry
Ward Treanor was the man behind
the battleship Indiana's eight-inch
gun that put four successive shots
through the bullseye on the 17x21 foot
target at the 1,400 and 1,600 yards
range during the recent target prac-
tice of that vessel.

Treanor enlisted as a seaman at St.
Paul, Minn., in July, 1901, and has
been a gun pointer since Jan. 1, last.

FLOATING IN LAKE MICHIGAN.

Body of a Chicago Boy Found and
Murder Charge Results.

Chicago, Sept. 22.—For two days the
police have been searching for Arthur
Eaton, the eleven-year-old son of C.
W. Eaton of 313 Washington boule-
vard, and last night his body was
found floating in Lake Michigan. Two
of Young Eaton's playmates declare
that the boy while playing with them
was seized and dragged away by
Albert Shupe, who accused young Eaton
of stealing \$5. Shupe has been
arrested and several of his conflicting
stories as to his whereabouts, when
the boy disappeared, have been proven
false. It is thought by the parents of
the boy that Shupe dragged the boy to
the lake and threw him in. There is
no direct proof of this, however.

DAVIS AT WEST POINT.

Cavalryman Rides Two Thousand
Miles in Thirty-nine Days.

Newburgh, N. Y., Sept. 22.—Trooper
Davis of the Eighth United States
cavalry has reached West Point, being
the first of a detachment of twelve
troopers who started from Oklahoma
thirty-nine days ago on a test ride of
2,000 miles. The men were allowed
to eat and sleep when they pleased,
relays of horses being provided every
thirty miles, the object of the ride be-
ing to cover the distance in the short-
est possible time.

TWO OF HER CREW MISSING.

Steamer Beatrice Arrives Off Dela-
ware Breakwater.

Norfolk, Va., Sept. 22.—An un-
confirmed rumor from Wachapreague, in
a special to the Virginian-Pilot, states
that the fishing steamer Beatrice, sup-
posed to have been lost in the hurri-
cane, has arrived off Delaware Break-
water with two men lost from her
crew of thirty-five.

Died to Save His Wife.

New York, Sept. 22.—To save the
life of his wife William M. Reeves,
department manager of a large Broad-
way store, sacrificed his own life in the
waters of the North river off Ninety-
sixth street. It is said that when Mrs.
Reeves realized her husband's fate she
attempted to drown herself.

TELEGRAPHIC BRIEVITIES.

The Minnesota grand lodge, Knights
of Pythias, is in session at St. Paul.
Communication with Nome and St.
Michaels was established by wire
Monday.

William Ogg, general superintendent
for the Standard Oil company, is dead
at Bakersfield, Cal.

The Colorado Populist state conven-
tion has nominated District Judge
Frank W. Owens of Leadville for jus-
tice of the supreme court.

The Hammond iron works at War-
ren, Pa., was destroyed by fire Mon-
day, entailing a loss of \$75,000, and
throwing 200 men out of employment.

Fire at the Missouri state fair
grounds at Sedalia Monday destroyed
the cattle and horse barns, the emer-
gency engine house and eighteen freight
cars. Loss, \$50,000.

At Galveston, Tex., the conveyor of
the Southern Pacific grain elevator,
1,500 feet long, was destroyed by fire
Monday. A part of the wharf was de-
stroyed. The total damage is \$75,000.

E. J. Hodgson, president of the Se-
curity Trust company and well known
in the business circles of St. Paul,
died Monday night after a lingering
illness, due to a complication of all-
ments.

DUCK HUNTER DROWNS.

Recall of His Gun Precipitates Him
Into a Lake.

Worthington, Minn., Sept. 22.—
George Johnson, an employee of the
Colonial lumber company at this place,
was drowned in Ocheyedan lake dur-
ing the afternoon. Together with
James Christiansa he was standing in
a boat shooting at some ducks that
were raising and the recall of the
guns caused them to lose their bal-
ance and both were precipitated into
the water. Christiansa was able to get
hold of the boat and held on until as-
sistance arrived, but Johnson was un-
able to save himself.
